## **Application for Junior Membership**

Dear Applicant,

Thank you for expressing interest in obtaining junior membership into the Leitersburg Volunteer Fire Company, Inc. You have taken the first step by requesting this application. Please review it carefully.

The members of the Leitersburg Volunteer Fire Co. are very proud of our organization. Our members strive to be a highly trained team, capable of providing our community and surrounding communities with the finest fire and rescue services available.

There are some basic requirements to become a junior firefighter with our team. Your education is the top priority. Successful completion of your assigned school work and basic academics take precedence over the fire company. Junior members are required to maintain a minimum of a "C" average to participate in any fire company function. Additional rules and regulations will be discussed with you in your initial meeting with the membership committee.

All personnel, especially new members, should participate in our station drill nights as well as classes offered by various training facilities throughout the area. These classes are all free of charge and available year round. All training dates are posted in advance of a class so that you may contact your Junior Advisor and the Training Officer if you are interested in participating in a course.

If you choose to join the organization, but have no interest in firefighting, there are many administrative and fundraising opportunities as well. We have several fundraising activities throughout the year where we could always use additional help. We request that members complete twenty (20) hours of fundraising activities each year.

When you become a member of our team, you will make friends and develop relationships that will last a long time. However, this organization is not a social club. We hope that if you apply for membership, you will be a dedicated, hardworking member of our team.

Please fill out the attached application to the best of your ability and in your own handwriting. Please answer all questions as completely and accurately as possible. Once you reach the age to apply for regular membership, there is a small fee of \$5.00 to obtain the application. After that, there are no fees for membership.

Upon receipt of your application, you will be contacted to interview with the Membership Committee. During this interview, you will be asked a series of questions and given the opportunity to ask any questions that you may have. Based on the interview, a recommendation will be made to either forward your application the Board of Directors or return your application to you. If your application is forwarded to the Board of Directors, you will be assigned a Junior Advisor to guide you through the remainder of the membership process. Your application will also be read at the Regular Membership meeting.

If you are accepted as a member, you will be responsible to make arrangements with your Junior Advisor or Training Officer to begin the process of completing required training and being issued equipment. You should receive a copy of the membership handbook which includes the companies By-Laws and Operating Procedures from a member of the Membership Committee. The Membership Committee will act as your liaison for the duration of your probationary period of ninety (90) days.

We sincerely hope you fill out this application and obtain membership into the Leitersburg Volunteer Fire Co. The community is always in need of dedicated individuals who are willing to serve.
